## Check Log for Single Station Smoke and/or Carbon Monoxide Alarms

202\_ - 202\_

The current fire code requires that all single-station smoke and carbon monoxide alarms be tested or inspected in accordance with the manufacturer's instructions at 1-month intervals for other than battery powered alarms and at 1-week intervals for battery-powered alarms to ensure proper operation. Complete this form monthly/weekly after each inspection; it will be checked on your next annual inspection. **Failure to check and record monthly/weekly checks shall result in penalties.**
